DETAILED ACTION

- 1 This action is responsive to the amendment filed on November 30, 2007.
- 2 Claims 1-24, 43-47, 56-57 and 60-102 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

- 3 The following is an examiner's statement of reasons for allowance:

The obviousness rejections over Cottard, Cottard in view of Legrand or Cottard in view of Laurent have been rendered moot because the comparative data submitted in the Declaration filed on 11/30/2007, is sufficient to rebut any case of prima facie obviousness of the claimed combination of ingredients because the data shows that when the ratio of a aminosilicone to a associative polymer in the claimed composition is greater than or equal to 1, provides lower selectivity (1.3 and 1.0) and thus a better coloration than the prior art composition that provides higher selectivity (5.0 and 8.2) and thus poor coloration. Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of keratin fibers oxidation dyeing formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
